See? Yeah, I was both just throwing guns at my friends. Are they just trying to join me? Are you at 8.94? Twins just now? Yeah. Okay, if he's still there. Yeah, he's on the way, then he's like, come along. Okay, we're on the way. We're on the way, okay? Do you need an ambulance? No. Hello? Hello? Yeah, yeah. Hi, this is a sheriff's office. Yeah, I'm off you. What happened? Oh, nothing. Okay. Is your husband leaving? What? Is your husband leaving? Yeah. Is his name Scott Wilbur? No, that's my five-year-old. What's your husband's name? Ben Tazwood. Ben Wett. Tazwood. T-A-S-L-I-T-V. And what kind of vehicle will he take? What, he's going to take F-350. What color? It's red. Okay. Is that him yelling in the background? Who is? Is that him yelling in the background? Yeah. Is he leaving or is he staying? Can you talk? Are we going to wait for him? Why don't we go to the vehicle stand here? I drive myself to the vehicle right now because it's good. You understand? I ask you? No, I need to ask. Do you want me to talk to him? Yeah. Why is he sitting like that? He's sitting like that. He's going to choke me. Throw me the drugs. What do you want me to tell him? I never... Lila, is that your name? What? Is your name Lila? Lila. Lila. So he's sitting your face and sure you down. I'm just saying we're talking on the other side. Lila? Lila. Please talk to me. He threw you on the ground and he's sitting your face and strained or choked you, right? Yeah. Okay. Well, something that, you know, he's got to pay the consequences for his actions. If you'd like, I can talk to him until we get there and try and call him down. But if he... It's up to him whether he leaves or not. It's going to make it... Tell him it's going to make it worse if he leaves. Let me talk to him. Lila. Lila. Lila. Put him up. Hello. Hello. Hi, this is Ben. Yeah, it is. Hi, this is the Sheriff's Office. I understand. Okay. Now look, whatever happens, we're obligated to come up there and check now. We're obligated to come here and I know what's going to happen. My wife has just called you. I am going to jail for a very long time. I will not see my kids. She has just undone about everything that could ever have been done. I am going through my... I don't even know I need to talk to you because I'll be talking to the officer when he gets here. Well, that's you. That's what she just did. I know what she just did. I know I'm going to jail for a very long time. This is a big problem. I am blown away. And I guess then your officer up here because she just initiated this whole staff and I'm screwed. Are you going to stay there? Are you going to leave? Stay here because... Are you going to take a vehicle? I can drive myself to the jail right now. Well, there are two sides every story. Yeah, they're sure. And I really think that it's in your best interest to stay there, however... However, I need you to stop yelling and calm down and promise me that you'll go sit in another room. And I am... It's been me in a room I've been sitting in and she came in to answer all the stuff that I've just gone through trying to get there. You picked all this stuff up and you threw it right up in the air. I didn't want to do this. I want distance. I want. I don't want you to confront me. This is not okay. Is there another room that you can go in and wait until the officers get there? Where would you like me to go until the officer gets here? He gets here to take me to jail. Is this room okay? I'll stay in here. Okay, now let me get her in the phone and have her go somewhere else and leave you alone. All right. I'll go over and tell you what I'm doing. I'll go over and do something. I love you. I love you. I love you. I love you. You guys got to stop arguing. The process has begun. I asked him to go to another room or for you to go to another room and separate from each other until the officers get there and we work this out. Can you do that? Can you just not speak with him or fight with him until the officers get there? Okay, I've sent him. I've asked him to go somewhere else in another room in the house. And if you can honor that, I'll let the two of you go. But if you're going to continue to fight, I'm going to have to stand the phone with you. So will you promise you'll stay in another room until the officers get there? Okay, do not speak with him. Don't fight with him anymore. I've asked him to do the same thing and we'll be up there and we'll help you guys work this out. Okay? If it gets that again, call me back. All right. We'll be there in a little bit.
